Dear Professors

Petya Romanova

Miglena Ivanova

Stanislava Kovacheva-Veleva

University of Chemical Technologies and Metallurgy - SOFIA

with the present letter I would like to invite you to pay me a visit at the Polytechnic of Bari, Department of Mechanics, Mathematics & Management, on December 3rd 2024.

Moreover, I take this opportunity to invite you at the interdisciplinary seminar that Prof. Matteo Villa will give on the same day (at 16:30 multimedia room MAT/01) regarding his pluriannual international experience as teacher and researcher in the field of Metallurgy.

I think that your visit will be very important for exploring together common grounds, as well as discuss opportunities to start a fruitful collaboration between our groups in the future.

Best regards,

Prof. Luigi Tricarico

Polytechnic of Bari

Department of Mechanics, Mathematics & Management
