

EXOTIC
DAIRY

REDEFINING DAIRY. REDEFINING HEALTH.

FUNCTIONAL • HOLISTIC • GLOBAL

AMAZING FACTS

GLOBAL OPPORTUNITY
40 MILLION
CAMELS WORLDWIDE

AN INCREDIBLE PARADOX
Chad, Kenya, Sudan, and Somalia
hold over **68%** of the world's camels
The paradox: They are facing
hunger, even starvation

70% of the world
cannot digest cow milk

A powerful resource — **without technology.**

EXOTIC
DAIRY

OUR SOLUTION

Science. Technology. Health.

We transform camel milk
into **functional bio-products**
designed to improve
health and quality of life.

Advanced

Immunity boosting
products

Designed to strengthen
immunity and support
overall wellness.

Gut & Metabolic
Health

Immunity

Heart Health

Allergies

Diabetes

Lactose
Intolerance

EXOTIC
DAIRY

OUR FIRST 4 PRODUCTS

Crafted with camel milk. Backed by science.

+ 10 NEW PRODUCTS IN DEVELOPMENT BY 2026

SCIENCE ★ INNOVATION ★ HEALTH

EXOTIC
DAIRY

BEYOND DAIRY

One raw material. Multiple industries.

FUNCTIONAL BEVERAGES

Nutrition meets
great taste.

NUTRITIONAL SUPPLEMENTS

Targeted support
for modern life.

SKINCARE

Natural bioactive
ingredients for
healthy skin.

EXOTIC
DAIRY

MARKET & BUSINESS MODEL

Boutique by design. **Global** by vision.

Premium positioning

High-quality, science-backed products in high-value categories.

High margins

Strong unit economics driven by differentiation and innovation.

Limited production

Small-batch, controlled production ensures quality and exclusivity.

Global demand for functional health products

Growing consumer shift towards preventive health and clean label.

QUALITY OVER QUANTITY.

We focus on impact, not volume.

EXOTIC
DAIRY

EXECUTION ROADMAP

From innovation to **global impact**.

2024–2025

Foundation

Technology development
& product formulation

First production
& process optimization

Market preparation
& brand building

Regulatory approvals
& quality certifications

2026

Launch & Growth

Product launch
& market entry

Strategic partnerships
& distribution setup

Scale production
& expand capacity

Enter new markets
regionally & globally

2027

Scale & Leadership

Global expansion
& market leadership

New product lines
& continuous innovation

Sustainable practices
& ESG integration

Build ecosystem
& strategic acquisitions

BUILDING THE FOUNDATION FOR A NEW INDUSTRY.

Integrated. Scalable. Sustainable.

BUILDING THE ECOSYSTEM

Integrated. Scalable. Sustainable.

SOURCING

Sustainable camel farming in optimal environments.

- Animal welfare.
- Natural nutrition.
- Regenerative practices.

PROCESSING

Advanced, gentle processing to preserve nature's purity.

- Bioactive preservation.
- Clean label.
- Maximum nutritional value.

PRODUCTS

Functional dairy and bioactive solutions for modern life.

- Health-focused.
- Purpose-driven.
- Science-backed.

R&D & INNOVATION

Science and technology driving meaningful impact.

- Research excellence.
- Product innovation.
- Clinical validation.

DISTRIBUTION & IMPACT

Global reach with a positive impact on people and planet.

- Strategic partnerships.
- Responsible growth.
- Better health. Better future.

CONNECTING NATURE, SCIENCE AND PEOPLE FOR A BETTER FUTURE.

EXOTIC
DAIRY

**WE ARE NOT BUILDING DAIRY.
WE ARE BUILDING A NEW CATEGORY.**

FUNCTIONAL BIO-DAIRY

R&D CENTER

"Let's write the next great dairy story – together!"
